

# Comprehensive Bug Report - Task 4: Identify Design (UI/UX) Issues

Title	Environment	Reproduction Steps	Expected Behavior	Actual Behavior	Screenshot / Video
Login message success in red	Edge, Windows 10	<div>1. Access to website</div> <div>2. Go to login page</div> <div>3. Enter valid credentials</div> <div>4. Observe success message before being redirected to dashboard</div>	Success message should be green	Success message appears in red, which is confusing	<div>To view the screenshot more clearly: <a href="https://github.com/khadijaelm24/OA/blob/main/Comprehensive%20Bug%20Report%20Images/Login%20message%20success%20in%20red.png">https://github.com/khadijaelm24/OA/blob/main/Comprehensive%20Bug%20Report%20Images/Login%20message%20success%20in%20red.png</a></div> <div>The screenshot shows a web application interface. At the top left, it says "Task Manager". On the right, there is a hamburger menu icon. In the center, there is a "Sign in to your account" form. The form has two input fields: "Your email" with the placeholder "name@company.com" and "Password" with masked characters. Below the fields is a "Sign in" button. Under the button, a red message says "Login successful! Redirecting...". At the bottom of the form, there is a link that says "Don't have an account yet? Sign up".</div>
